PRZYKŁADOWA WYPOWIEDŹ PISEMNA NA 140 WYRAZÓW

Hi, everyone!

My friends and I are planning to help the elderly people who live alone in our area. The reason is that there are more and more such people living in the neighbourhood and we can't just wait for social services to help them.

Right now, we are planning to gather enough information about elderly people who need help. Based on it, we will ask other people to collect necessary things which are needed, for example food, clothes, medicine or household products. Next, we ask for volunteers who would like to deliver them to the houses.

When local people heard about the initiative, they were surprised and grateful at the same time, because there weren't any actions of that sort before and there were a lot of people in need.

If you have any information about an elderly person who needs help, do let me know in your comments. You can also write an email.

Take care,
XYZ
